

# **Towers of Hanoi AR**

## **Augmented Reality Mini Project**

**Group members:** Luka Uršič, Miha Štih, Marko Lumbar

**Koper, 2024**

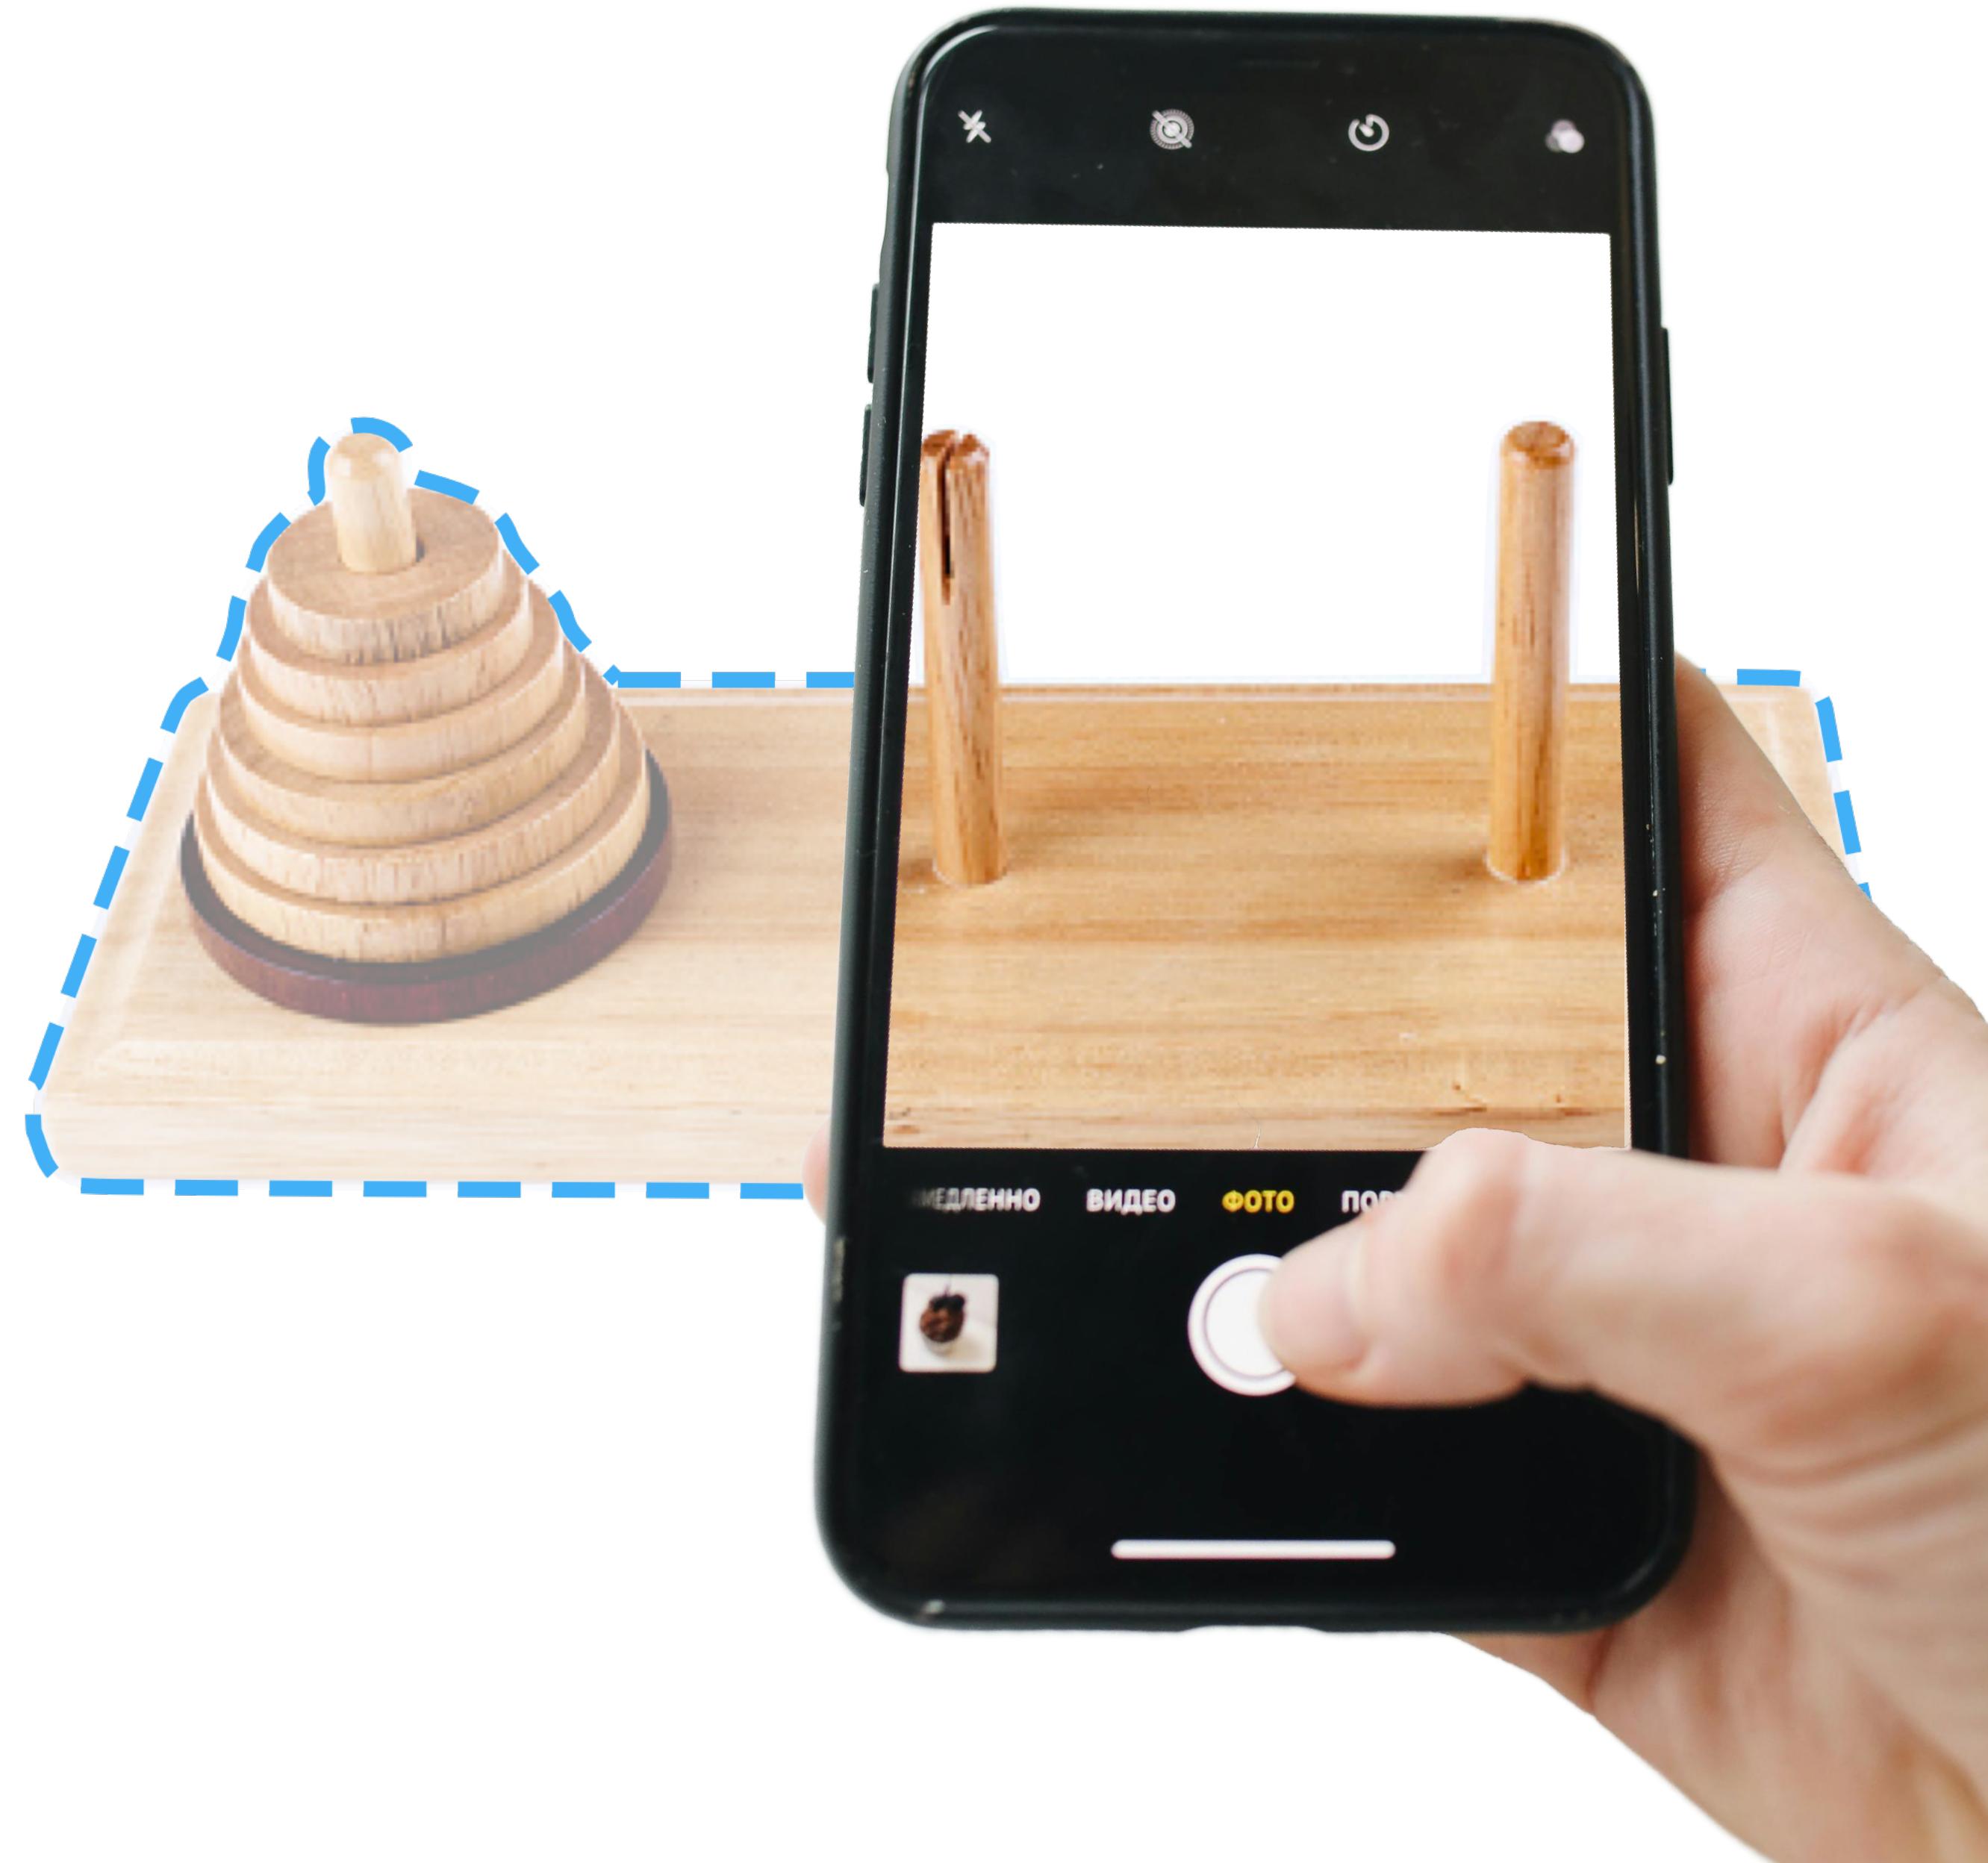

# Towers of Hanoi

- A classic puzzle game
- Move disks from first stick to the last
- One disk at the time
- Don't put larger piece on smaller one

# Towers of Hanoi AR

- See the game on your phone
- Select the disk with real world object

# Towers of Hanoi AR

## Development Roadmap

- Select the disk by clicking on it
- Select the disk with real world object
- Smooth animation
- Move disk freely

# Work distribution:

Luka: Scripting & logic

Miha: Animations & object tracking

Marko: Scene and assets

**Thank you for your attention**
